(J. P. Enterprise)

Mr. Dharmesh Poria
Chief Executive Officer
(J. B. Industries)

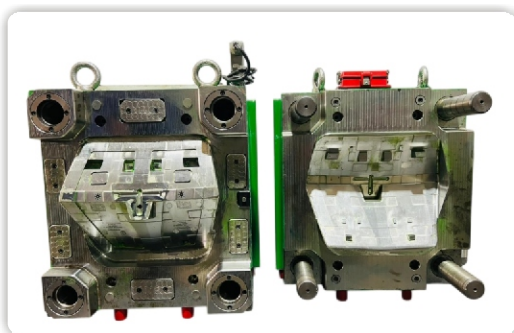

At J. B. INDUSTRIES, We measure success not merely by the milestones we reach, but by the purpose that propels us forward. Our journey is inspired by the belief that industry, when guided by integrity and imagination, becomes a force for meaningful transformation.

In every innovation we pursue and every partnership we cultivate, we seek to harmonize excellence with responsibility - to create value that endures beyond profit and performance. This conviction forms the essence of our : a deep sense of purpose that unites passion, precision and progress.

As we look towards the future, we remain resolute in our commitment to sustainability, technological advancement and human potential. We aspire not only to lead our industry, but to contribute to a world where enterprise and empathy coexist - where growth is defined by significance as much as success.

INNOVATIVE MOULD DEVELOPMENT SOLUTIONS

- High Quality Plastic Mould Manufacturing
- High Accuracy Industrial Component Machining

INJECTION MOULDING MACHINE

OUR JOURNEY OF INNOVATION

Founded in 2004, J. B. Industries emerged as a precision subsidiary to J. P. Enterprises, specializing in high-quality moulding and assembly of plastic injection-moulded components. Leveraging over a decade of Industry expertise, the company established an advanced in-house tool room in 2018, enabling complete control over mould design and manufacturing.

Over the years, J. B. Industries has engineered sophisticated injection moulds for leading organisations including **MAHINDRA & MAHINDRA, VARROC ENGINEERING, MOTHERSON AUTOMOTIVE TECHNOLOGIES, ORCHID SCIENTIFIC, SIEMENS LTD., ABB LTD. and ATUL AUTO LTD.** - demonstrating its technical excellence and reliability.

In **2023**, the company inaugurated a **state-of-the-art production facility**, reinforcing its presence across the **automotive and electrical** domains. Today, J. B. Industries stands as a trusted force in **precision injection moulding**, delivering end-to-end solutions defined by **innovation, craftsmanship and performance excellence**.

COMPONENT CLASSIFICATIONS

PART NAME : PLASTIC
USE IN : DIGITAL SUBSTATION PRODUCT

PART NAME : TV BACK PANEL
END CUSTOMER : YASH ELECTRONICS
USE IN : TELEVISION INDUSTRIES

PART NAME : FRONT MUDGUARD
END CUSTOMER : ATUL AUTO
USE IN : AUTOMOTIVE 3 WHEELER

PART NAME : VEGETABLE CRATE
END CUSTOMER : DHANANJAY AGRO
USE IN : AGRICULTURE INDUSTRIES

PART NAME : WHEEL CAP
END CUSTOMER : M & M
USE IN : AUTOMOTIVE 4 WHEELER

PART NAME : SOLIS SIDE BRANDING BONET
END CUSTOMER : SONALIKA TRACTOR
USE IN : FARM DIVISION

1000+ MOULD
MANUFACTURED

MOULD COMPLETED
IN A RECORD 10 DAYS

50+ HAPPY
CLIENTS

12+ YEARS OF
PLASTIC INDUSTRIES
EXPERIENCE

OUR ESTEEMED PATRONS

ACKNOWLEDGED BY MAHINDRA AND
MAHINDRA FOR RECORD-TIME MOULD
COMPLETION (28 DAYS).
