OUR JOURNEY OF INNOVATION.

Founded in **2004**, **J.B. Industries** emerged as a precision partner to **J.P. Enterprises**, specializing in high-quality molding and assembly of plastic injection-molded components. Leveraging over a decade of industry expertise, the company established an **advanced in-house tool room in 2018**, enabling complete control over mold design and manufacturing.

Over the years, J.B. Industries has engineered sophisticated injection molds for leading organizations including **Mahindra & Mahindra, Varroc Engineering, Motherson Automotive Technologies, Orchid Scientific, siemens** and **ABB** —demonstrating its technical excellence and reliability.

In **2023**, the company inaugurated a **state-of-the-art production facility**, reinforcing its presence across the **automotive and electrical** domains. Today, J.B. Industries stands as a trusted force in **precision injection molding**, delivering end-to-end solutions defined by **innovation, craftsmanship, and performance excellence**.

VISION AND MISSION.

To be the most trusted manufacturing partner recognized for quality, reliability, and commitment to customer success

To provide high-value manufacturing solutions that meet customer needs through quality craftsmanship, innovation, and on-time delivery — building lasting relationships based on trust and satisfaction

CEO's VISION AND COMMITMENT

Mr. Bhupendra Poria
Partner
[J.P. Enterprises]

Mr. Dharmesh Poria
Chief Executive Officer
[J.B. Industries]

At **J. B. INDUSTRIES**, we measure success not merely by the milestones we reach, but by the purpose that propels us forward. Our journey is inspired by the belief that industry, when guided by integrity and imagination, becomes a force for meaningful transformation.

In every innovation we pursue and every partnership we cultivate, we seek to harmonize excellence with responsibility — to create value that endures beyond profit and performance. This conviction forms the essence of our *Ikigai*: a deep sense of purpose that unites passion, precision, and progress.

As we look toward the future, we remain resolute in our commitment to sustainability, technological advancement, and human potential. We aspire not only to lead our industry, but to contribute to a world where enterprise and empathy coexist — where growth is defined by significance as much as success.

Mr. Dharmesh Poria
Chief Executive Officer
[J.B. Industries]

MESSAGE FROM THE PLANT HEAD

At **J. B. INDUSTRIES** we believe that true excellence in manufacturing lies in precision, discipline, and purpose. Our plant operates as the heart of the organization — where innovation, technology, and human expertise converge to transform ideas into products of enduring quality.

We remain committed to fostering a culture of safety, efficiency, and continuous improvement. With every process optimized and every standard elevated, our goal is to deliver sustainable performance that reflects our company's core values of integrity, excellence, and progress.

INSIDE OUR FACILITY

Dear Mr.Dhamesh,

On behalf of the Mahindra team, I would like to extend our sincere appreciation to you and your team at JP Enterprises for swift and efficient **development of tooling of Cabin sealing cover and Cabin Cover plate** for Rod Type Gear Shift Mechanism completed in a record time of just 28 days!!

This outstanding achievement was critical in enabling the on time launch of MTBD 430 dia Clutch project. Your team's technical excellence, proactive approach and commitment to timeline made a significant difference to the success of this program.

Please convey our gratitude to everyone involved in the project.

We truly value the dedication and partnership demonstrated by M/s JP Enterprises and look forward to continued collaboration on future ongoing all projects.

Thanks Rajesh, for your extended support, it went well with us to have smooth landing to meet end target date.

Regards,
Pradeep Bijalwan
Head Commodity Proprietary & FBV

Appreciation from Mahindra & Mahindra for Completing Tool/Trial in record time 28 days for Cabin Sealing Cover & Cabin Cover Plate Part.

Date:- 01.04.2025

TO WHOM SO EVER IT MAY CONCERN

This is to inform that M/s J B Industries, Nashik is associated with M/s Atul Auto Ltd, for manufacturing of Injection moulds for Atul Auto 3-Wheeler Projects since year 2019, and stands as approved tool maker for M/s Atul Auto Ltd.

Regards,
Atul Auto Ltd.

Appreciation from Atul Auto for being approved Tool Supplier from 2019

Hello Mr. Shantaram ji,

Good day...!

This is to convey our appreciation to you on putting extra efforts for meeting M310 -RQT ECN Modification and trial target dates.

Pls. convey this to all the team members who have contributed to achieve this stringent target.

Looking forward same support in future project.

Congratulations!

Thanks & Regards,
Kartik Jadi | Projects (Tooling)
